

There is a new FCC plan to expand Low Power FM (LPFM) stations which you are proposing to expand this service in a way that would allow these new LPFM stations to take priority over current FM translator service. Many advocates of LPFM feel that there is little value in national or regional services such as K-LOVE (which is heard in my area on 91.1 FM), which is often heard on FM translators. Hundreds of thousands of people listen to K-LOVE on these FM translators. These translators could be forced off the air if the proposed rule changes are enacted and LPFM is given a priority over FM translator service, perhaps leaving me without my K-LOVE signal

I know this is a rather lengthy email and as a K-LOVE listener and as a supporter I appreciate that you've read this far.

Please do not take away FM Translators that support my K-Love radio station. I've been listening to and financially supporting K-Love and do not want to see it eliminated. We need good clean, wholesome programming & LPFM stations shouldn't restrict us. I know people who have been personally affected by the great programs that only K-Love provides. Eliminating this kind of service will leave our area without an equal opportunity for clean, wholesome music and values. We need good, positive, encouraging programming and music that is not found on most LPFM stations. Please reconsider the expansion of LPFM stations and do not eliminate FM translator services. Thank you for your consideration!

God bless you, Marlon <><
